Mark — It is in process. Once we receive the check I will do a short transmittal note and forward both to you. No problem exists in getting this done and the client has not resisted the payment. I hope to respond with the letter and payment shortly. John

Mark — As mentioned previously, I do not anticipate that this will be a problem or an issue. Although your letter requests payment by the 31st, I would like to request the opportunity to arrange for payment during the first week of January especially given the fact that most people are on a holiday schedule.

Please let me know if that will be a problem on your side. Best wishes to you and to all listed as copied on this note for the holidays and the New Year. John
